After deliberations at the Strategy Day on 24 March 2016, the Council of the Actuarial Society of Hong Kong (“ASHK”) has developed a mission statement for the Society. Approved at the Council meeting of 11 April 2016, the mission statement will act as the foundation for the ASHK and will play an important role in helping the ASHK embark on its strategic plan of relevance for its members and for the public in a clear and unequivocal manner.

Our mission is:

***“Representing, developing and inspiring the actuarial profession

We are confident that the ASHK with input from the membership will reach another milestone as we strive to accomplish our mission by:
