ASHK EXAMINATIONS

The Actuarial Society of Hong Kong (ASHK) is pleased to announce the roll-out of its local actuarial examination applicable to new Fellows of the ASHK post transition period (*defined as below*).

Background & examination objectives

- ❖ In December 2013, ASHK members voted in favor of pursuing the recognition of the ASHK as a statutory body. ASHK Council recognised that some enhancements shall be made to prepare the ASHK in becoming a statutory body. These include developing and introducing a set of local actuarial examinations in Hong Kong as a prerequisite for new Fellows of the ASHK starting from 1 January 2019.
- ❖ In June 2017, the ASHK made available to its members the examination curriculum which covers areas of local regulations and industry practices pertaining to actuaries in Hong Kong practicing in life insurance, pension, general insurance and investment.
- ❖ Passing of the examinations serves to demonstrate the candidate's knowledge in the local landscape and the actuarial guidance notes as well as to gain appreciation in professional standards.
- ❖ The examination is viewed by the ASHK Council as a necessary step on our path towards statutory recognition, ensuring actuaries practicing in Hong Kong have the relevant local knowledge.

Grandfathering & transition arrangements

- ❖ All existing ASHK Fellow members who hold valid membership status on 1 January 2019 will be eligible for grandfathering. Grandfathering requirements will be announced in due course. ASHK may introduce a Professional Development Course as part of the grandfathering requirement.
