

AGEING WELL HONG KONG 2026 CONFERENCE

*Health, Wealth and Innovation for a
World-Leading Silver Society*

Sponsorship Prospectus

Hong Kong has one of the highest life expectancies in the world — a remarkable achievement, and one that brings with it a profound question: how do we ensure that longer lives are also healthier, more financially secure, and better supported by the systems around us?

Ageing Well Hong Kong 2026 is a landmark cross-sector conference that reframes this question as an opportunity. Convened by the Actuarial Society of Hong Kong (ASHK), the conference brings together leaders from healthcare, finance, technology, public policy, insurance, and the actuarial profession to explore how addressing Hong Kong's ageing and health challenges can drive business innovation and sustainable positive economic and social impact.

EVENT INFORMATION

Dates: 21–22 October 2026
Venue: Hopewell Hotel, Wan Chai, Hong Kong
Attendees: 400+ cross-sector leaders from

- Actuaries and Insurance Professionals
- Financial Services and Wealth Professionals
- Healthcare and Biotech Leaders
- Technology Innovators
- Policy Makers and Regulators

THE AGENDA

Addressing Hong Kong's Most Pressing Challenges

Hong Kong's ageing population is reshaping demand across healthcare, retirement planning, caregiving and public services. This conference provides a platform to debate and confront these challenges head-on:

- **Health and the Burden of Chronic Disease:** The conference examines advances in early detection, screening accessibility, medical advancements, and holistic approaches to care — alongside what these mean for the sustainability of our healthcare system.
- **Financial Resilience Across Longer Lives:** As life expectancy extends, the risk of outliving one's savings grows. The conference addresses retirement adequacy, the evolving role of MPF, and how individuals and institutions can plan for potential decades of post-retirement life.
- **Building a Stronger Silver Society:** By convening experts across policy, community services and the private sector, the conference aims to shape solutions that strengthen social resilience and ensure dignity in ageing.

Unlocking the Silver Economy

A world-leading silver society is not only a social aspiration — it represents one of the most significant commercial frontiers of the coming decade.

- **New Propositions for New Needs:** The ageing population creates demand for innovative health, protection and retirement solutions — from integrated health-and-wealth propositions to next-generation caregiving models.
- **Technology at the Forefront:** Healthtech and wealthtech innovators are developing scalable solutions — from AI-assisted diagnostics, telemedicine, tech-enabled treatments and care, to digital financial planning tools — that can transform how Hong Kong ages.

- **GBA Opportunity:** Hong Kong's unique position as a mature, high-income ageing market makes it an ideal proving ground for solutions that can scale across the Greater Bay Area's rapidly ageing population and developing economy.
- **High-Value Partnerships:** The conference provides direct access to senior leaders from insurers, healthcare providers, asset managers and policymakers — decision-makers shaping the silver economy.

ABOUT THE ACTUARIAL SOCIETY OF HONG KONG

The Actuarial Society of Hong Kong (ASHK) is the professional body for actuaries in Hong Kong, established in 1968. ASHK sets the professional standards for the actuarial profession under Hong Kong's Insurance Ordinance and has a long track record of convening the profession on issues of public significance — including hosting the 2024 Asian Actuarial Conference, which drew over 1,000 delegates from across the region. ASHK's recent research confirmed Hong Kong as one of the world's longest-living city, providing the evidence base and impetus for this conference.

SPONSORSHIP OPPORTUNITIES

The **Ageing Well Hong Kong 2026** conference offers an excellent opportunity to promote your company and enhance your reputation among the actuarial, finance and health professions, and leaders. Five Sponsorship Packages are available to suit different budgets. A restricted number of sponsors will be accepted for each sponsorship package, and sponsors will receive benefits according to the chosen package, as outlined in the following pages.

Sponsors are encouraged to respond early since each package is reserved on a first-come, first-served basis.

Why Sponsor

- Hong Kong serves as a **regional financial hub**, offering connections to the Greater Bay Area and emerging Asian markets, acting as a global link to the rest of the world.
- Access to **prominent international speakers** delivering a variety of hot topics covering health, wealth, innovation, and technology that are pertinent to your business.
- **Network opportunities** to meet key industry figures, high-profile guests and forge stronger business relationships.
- Reestablish physical **connections** and gain insights on how their work and lives have changed under the new normal following the pandemic, macro-economic trends, and the tide of technological advancement.
- Demonstrate your genuine **commitment** to the healthy development of the industry.
- Reinforce and strengthen your **corporate branding** in the financial services and medical sectors.

EXHIBITOR SPONSOR

The conference is an excellent opportunity to meet face-to-face with the decision-makers who use your products and services.

The pre-function area is located outside the Conference room and will serve as the central gathering place for the delegates throughout the Conference. Coffee breaks will be held in the pre-function area to maximise exhibitor exposure and provide for a consistent flow of traffic. The pre-function area will be operational for the whole event.

Exhibition space is limited, and location assignment is on a first-come, first-served basis, with priority given based on sponsorship level.
